Subject.

Slabbing one of the wards of the Kd Dr. Hospital and Dispensary at Chitaldrug.

Senior Surgeon's letter No 9 384 dated the 15th April, 1903.

Note.

one Mr. Anantha Chatty, a leading Advocate and Mun. Commr. of Chitaldrug having in his visit to the Hospital at Chitaldrug found that the present Chunam flooring of the wards thereof was not to his taste, has proposed in his letter of the 5th April, 1903, to the Assistant Surgeon in charge that he would, if permitted so to do, undertake to slab, at his own Cost, one of the wards of the Hospital, as he has a few Kadapa slabs to spare. The Assistant Surgeon estimates the cost at Rs: 150/.

The Senior Surgeon has forwarded Mr. Anantha Chetty's proposal for favor of approval of Govt or otherwise.

Submitted for orders.

HH 18/4/03

The amount involved is so little that it may not be desirable to accept the offer. It is not understood how the Chunam flooring is not suitable for washing purposes unless the floor is out of order. Neither the Medical Officer in charge of the Civil Hospital nor the Senior Surgeon say anything about what is actually required whether flabbing the floor is necessary for all the wards, and what the total cost of flubbing all the wards would come to. If approved, information on these points may be called for. The Exh. Engr. should be consulted also on such matters.

Note Central

In Govt Prop No 1538-9 Fins 24/23 dated the 6th May, 1903, the Senior Surgeon was requested to report on the above points in Consultation

Consultation with the Chief Engineer of Mysore. He was also requested to favor Govt with his opinion regarding the application of Mr Anantha Chetty for permission to slab one of the wards of the Civil Hospital at Chitaldrug at his own cost. In reply, the Senior Surgeon forwards in original docket No 550 & 17-6-03 from the Executive Engr, Chitaldrug Dn, with an estimate for Rs. 562/- received from that Officer for flooring the wards & Verandas of the Civil Hospital referred to, and states that he is of opinion that one of the wards may be got floored by Mr Anantha Chetty and the remaining wards and Verandahs by the P.W. Dept. The Executive Engr in forming an estimate for Rs. 562/- has stated that the Concrete flooring of all the wards and Verandahs attached to them is badly broken and requires to be replaced with Kadapa slabs, and that the Cost of work to be done by Mr Anantha Chetty amounts to Rs 133/-

Dear Sir

When I visited your Civil Hospital a few days ago I was glad to find that all the in patient wards were full of patients. From this it is evident that the public have great faith in the treatment & Comforts afforded to them in the hospital. One thing I noticed was that the flooring of some of the wards very bad being broken in several

hurts. As the floor of
wards necessarily requires
Coustant washing and as the
present Chunam floorings is
not well suited for the purpose
I am of opinion that the floors
of all the wards if relaid with
with Kadapa slabs would last
only. Work decent, but be very
Convenient for washing &
have got a few Kadapa slabs
to spare which I think may be
sufficient for one of the wards.
If you have no objection I
shall be glad to relay one of
the wards at my own cost

I am Sir
